Converter industry

We produce many different types of jumbo roll products for converter customers, with various types of paper and latex paper backing and various types of grains.

The standard widths for our jumbo rolls are 950 mm and 1050 mm.

At the Dragon warehouse in Denmark, we keep a stock of jumbo rolls in our most popular varieties. We are happy to produce specialty jumbo rolls upon request.

Dragon quick overview

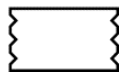

Type	Colour	Product description
113		Dragon 113 is recommended for hand sanding and/or usage with a sheet sander. Sanding of wood, paint, filler and lacquer. Made with white aluminium oxide grains.
	  hand power	 
122		Dragon 122 is made with a thinner paper backside and less flexible bonding. It is recommended primarily for hand sanding or for usage with a sheet sander or an orbital sander. Sanding of wood, paint, filler and lacquer. Made with white aluminium oxide grains.
	   hand power power	  
123		Dragon 123 is made with a less flexible bonding. It is recommended primarily for hand sanding or for usage with a sheet sander. Sanding of wood, paint, filler and lacquer. Made with white aluminium oxide grains.
	  hand power	  
124		Dragon 124 is developed with a super flexible bonding to prevent the abrasive paper from breaking when bent or folded. Perfect for hand sanding or usage with a sheet sander, giraffe sander, or sanding block. Sanding of wood, paint, lacquer, filler, car body, PVC. Made with hardened brown aluminium oxide grains.
	   hand power power	     

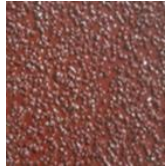

Type	Colour	Product description
125Y		Dragon 125Y is recommended for hand sanding and for usage with a sheet sander or orbital sander. It has an E-weight thick paper backside, which makes it extremely suitable for grinding edges, without having to use a hand sander. Sanding of wood, paint, filler and lacquer. Made with white aluminium oxide grains.
	     	

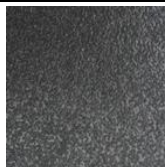

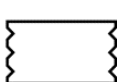

Type	Colour	Product description
125G		Dragon 125G is recommended for hand sanding and for usage with a sheet sander or an orbital sander. It has an E-weight thick paper backside, which makes it extremely suitable for grinding edges, without using a hand sander. Sanding of wood, paint, filler and lacquer. Made with white aluminium oxide grains.
	     	

Type	Colour	Product description
126		Dragon 126 is developed with a super flexible bonding to prevent the abrasive paper from breaking when bent or folded. Perfect for hand sanding or usage with a sheet sander, giraffe sander, or sanding block. Sanding of wood, paint, lacquer, filler, car body, PVC. Made with hardened brown aluminium oxide grains.
	           	

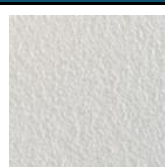

Type	Colour	Product description
141		Dragon 141 is a WATER-resistant flexible abrasive paper made with a dark latex paper and silicium carbide grains. It is recommended for hand sanding. Sanding of wood, paint, filler, car body, PVC. Made with silicium carbide grains.
	   	

Type	Colour	Product description
323		Dragon 323 is made with a reinforced F-weight paper backing and is recommended for floor sanding and other machine grinding. (Only grits 12 + 16). Made with silicium carbide grains.
	    	

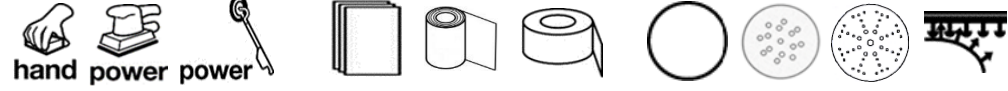

Type	Colour	Product description
324		Dragon 324 is made with a reinforced F-weight paper backing and is recommended for floor sanding and other machine grinding. (Only grits 12 + 16). Made with silicium carbide grains.
	   	

Type	Colour	Product description
332		Dragon 332 is made with a thick E-weight paper backing and is recommended for floor sanding and other machine grinding. (Grits 24 to 120). Made with silicium carbide grains.
	          	

Type	Colour	Product description
333		Dragon 333 is made with a thick E-weight paper backing and is recommended for floor sanding and other machine grinding. (Grits 24 to 120). Made with silicium carbide grains.
	   	

Type	Colour	Product description
414		Dragon 414 is an extra white quality for sanding of wood, paint, filler, car body, PVC either by hand or with a sheet sander, an orbital sander, a giraffe sander, or a sanding block. Made with white aluminium oxide grains.
	            	

Type	Colour	Product description
421		<p>Dragon 421 is made with a thick E-weight paper, which makes it suitable for hand sanding / grinding edges without using a hand sander. Also it is very suitable for machine grinding, especially coarser grinding. It is recommended for the sanding of wood, paint, filler, and lacquer with a hand sander, sheet sander, or orbital sander. To ensure longer lifetime we have used a hard resin/resin bonding and hardened abrasive grains.</p> <p>Made with hardened brown aluminium oxide grains.</p>
